## **DETAILED ACTION**

### ***Response to Arguments***

1. Applicant's arguments filed March 13<sup>th</sup>, 2006 have been fully considered but they are not persuasive. The applicant argument that paragraph [005] disclose a "pausing for a predetermined time separation period" and therefore rejections under 35 USC 102 1<sup>st</sup> paragraph should be withdrawn. The examiner disagrees. Paragraph [005] refers to a time-separated manner and does not state pausing for a pre-determined time separation period. Therefore claim 10 is still rejected under 35 U.S.C. 112 first paragraph as stated in the previous office action dating November 30<sup>th</sup>, 2005. However, rejection under 35 U.S.C. 112 first paragraph on claims 12, 14 and 15 is withdrawn.

2. The applicant also argues that Hess does not disclose the feature of a pre-determined time separation or time delay. The examiner disagrees. Inherently there is a pause between the inhalation period and the drying period and therefore does reach the limitations found in the claims. Therefore claims 10-19 are still rejected under 35 U.S.C. 102(b) as being anticipated by Hess et al. (US 6,196,219) as stated in the previous office action dating November 30<sup>th</sup>, 2006.

### ***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period

Art Unit: 3743

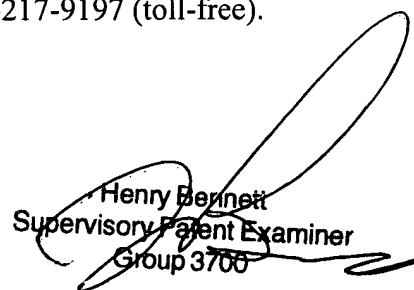

will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
